## iOS 11

A copy of these slides will be available, so  
don't bother with notes - sit back and enjoy!  
And please silence your cell phone!!

1

# iOS 11 for the iPhone/iPad.

Apple humbly describes it as:

A giant step for iPhone.  
A monumental leap for iPad.

We'll let you decide ....

2

Tables in  
Notes

Apple  
Pay

Split Screen  
On iPad

Control  
Panel

Markup

iOS 11 sets a new standard for  
what is already the world's most  
advanced mobile operating system.  
Let's explore what's new .....

3

# The iPad sees the biggest changes.

## New App Switching Mode

Expanded  
Control Panel

Add 6-13 Apps  
to the Tool Bar

4

## The Dock on the iPad is new.

The Dock on the iPhone is unchanged, but on the iPad you can now add up to 13 Apps. Very handy for switching Apps quickly.

(No names below icons in the Dock, so commit them to memory!)

The 3 Apps on the right side are your Recently Used Apps, as selected by Siri, again quite handy for your popular Apps.

5

## QuickType keyboard on iPad.

Typing as quick as a flick.

Letters, numbers, symbols, and punctuation marks are now all on the same keyboard — no more switching back and forth. Just flick down on a key to quickly select what you need.

6

## Apple Pencil - Second Generation. (For iPad Pro)

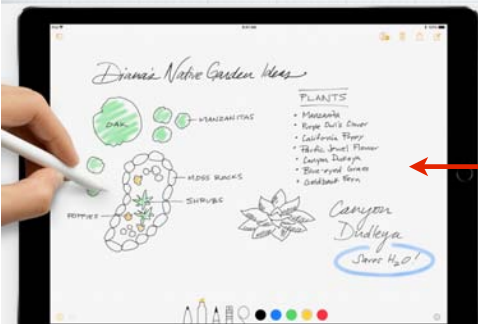

### Instant Markup

With PDFs or screenshots on the iPad

### Instant Notes

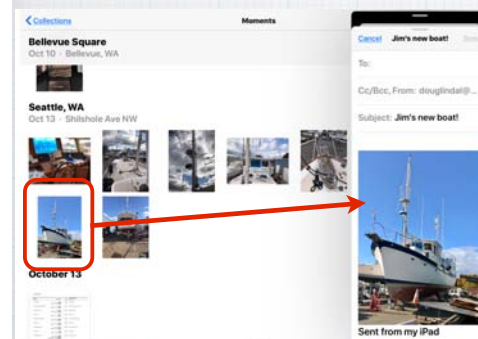

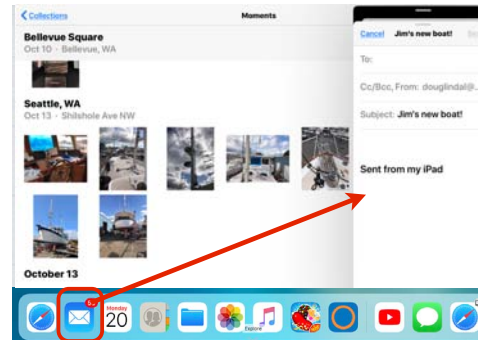

Just tap the lock screen to open the Notes App.

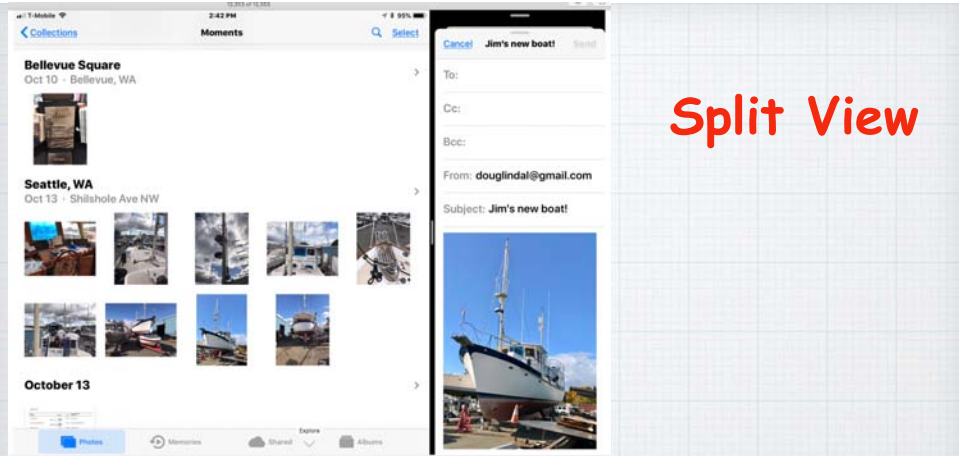

## Drag and Drop on the iPad

ie. With Photos open, swipe up to expose the Dock and select and drag Mail onto the right side.

Then select a photo and drop it into your email message draft.

8

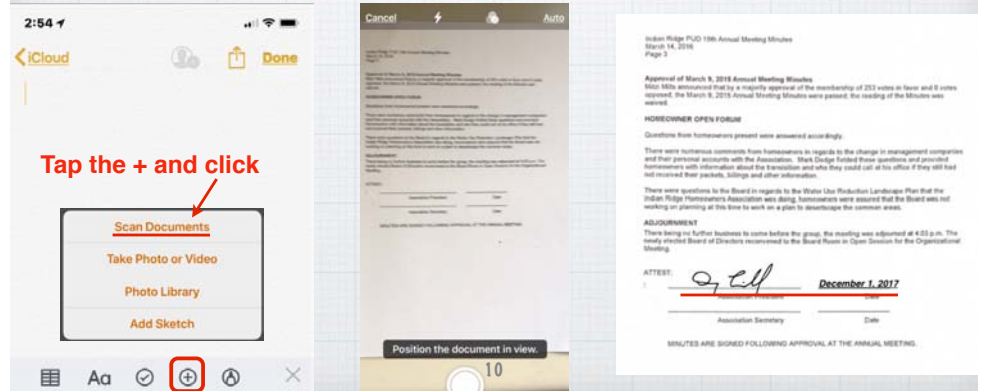

## Split View

If you don't like Mail 'floating' over part of Photos, just slide Mail over to create **Split View** - but only on an iPad Pro 😞

## Scan and Sign

The new Document Scanner in Notes automatically senses and scans a document, crops the edges, and removes any tilt or glare. Then sign it with Markup and send via email.

## One-Handed Keyboard on iPhone

Tap on the Emoji icon and chose left or right sided keyboard layout to make one thumb typing easier!

Shift back to center by clicking on the chevron >.

## Copy and Paste across different devices.

Copy from Safari on your Mac ...

Paste to Pages on your iPad!

Works with all Apple devices with all apps.

**iOS 11 review: 99 hits, 1 miss**

Every year, Apple (AAPL) introduces a new iPhone model. That's cool for anyone in the market for a new iPhone. But every year, Apple also introduces a new iPhone operating system—the software you look at and tap on all day long. Today's the day, and the new software is called iOS 11. In general, it's terrific. Apple's coding elves have

# The new **Files App** brings all your files together in one place.

You can easily browse, search, and organize all your files on an iPad or an iPhone.

Files icon

Find the Files on your device as well as in iCloud Drive, Dropbox, Google, etc.

New filter options take your iPhone photos to new levels

## New Classic Photography Filters

14

## Enjoy your **Memories** in Photos.

Rediscover forgotten moments. Your library is auto scanned for significant people, places & holidays - presenting them in curated collections called Memories.

15

Perfect your best shots with advanced free editing tools.

Make sophisticated contrast and color adjustments to your photos with powerful new editing tools.

16

**People**  
28 People

SIR WALTER BONNIE TERRY SHOK MARTY  
JAKE TERRY BOB CARMEN

The People album gets even better. Larger images and more accurate groupings. And with iCloud Photo Library, your album stays up to date on all your devices.

17

## Siri has learned some new tricks!

Ask Siri in English how to say something in Mandarin, Spanish, French, German, or Italian - and Siri will translate the phrase. More languages coming.

18

## Siri as your personal DJ

Apple Music knows your tastes. So when you tell Siri to 'play something I like', you'll hear a song you love.

Siri can also answer music trivia questions like 'Who's the drummer in this band?'

19

## Customize your Control Center

Go to Settings - Control Center - Customize to add up to 12 controls to the iPhone Control Center.

- Flashlight
- Timer
- Alarm
- Magnifier
- Low Power Mode
- Stopwatch
- Apple TV Remote
- Camera
- Screen Recording
- Voice Memos
- Do Not Disturb While Dri...

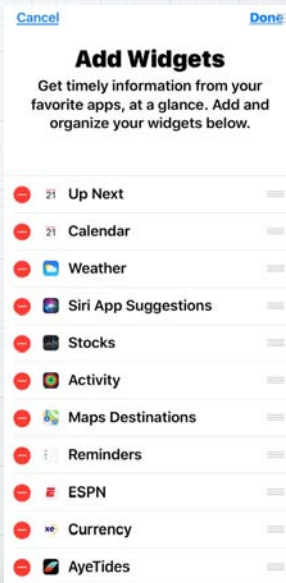

20

## All your Notifications in one place.

Swipe up for your Notification Screen which is vastly expanded in iOS 11.

And add many more Widgets by clicking the EDIT button at the bottom of the Notification Screen.

21

## Share WiFi Passwords.

Wi-Fi passwords can be a pain to remember. Now, if a friend's (someone in your Contacts List) iPhone running iOS 11 tries to join a Wi-Fi network that you're connected to, your own iPhone will get a simple pop-up asking if you'd like to share the network's password.

**Maps.**  
Stay on course.  
Indoors and out.

See maps of major airports and shopping centers. Maps also shows you which lane you should be in when you're navigating - and the speed limit.

23

## Scan a QR code on iPhone/iPad.

Turn on QR Codes in Settings/Camera

QR Codes are handy links to websites, coupons and other info. Now you can just open your Camera App when you see one and your iPhone will automatically scan it and a notification will appear to take you directly to the website.

# Do Not Disturb While Driving

Distractions while driving are a major cause of accidents. Now iOS 11 allows you to silence calls and texts so you can concentrate on the road:

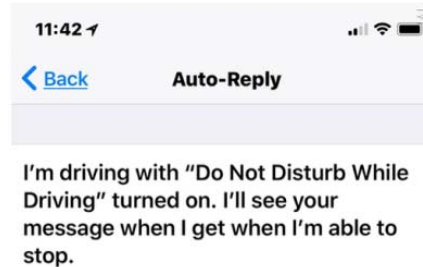

*Settings/Do Not Disturb*

25

Choose between auto or manual activation or when connected to the car's Bluetooth. Or add an icon to the Control Center

And even set up Auto-Reply to alert those attempting to reach you of your status.

26

# Apple Pay Cash

New in v.11.2 - Pay your friends with a text message. Pay or request on an iPhone -

or even on your Apple Watch.

Tip - use your Debit Card to avoid 3% service fee!

27

iOS 11 is compatible with these devices.

## iPhone

-  iPhone X
- iPhone 8
- iPhone 8 Plus
- iPhone 7
- iPhone 7 Plus
- iPhone 6s
- iPhone 6s Plus
- iPhone 6
- iPhone 6 Plus
- iPhone SE
- iPhone 5s

## iPad

-  12.9-inch iPad Pro 2nd generation
- 12.9-inch iPad Pro 1st generation
- 10.5-inch iPad Pro
- 9.7-inch iPad Pro
- iPad Air 2
- iPad Air
- iPad
- 5th generation
- iPad mini 4
- iPad mini 3
- iPad mini 2

## iPod

-  iPod touch 6th generation

You need at least a <sup>28</sup>iPhone 5s or iPad 5
