

The switch to Verizon FiOS at IRCC
Your Telephone, Internet & TV options??
As we are all paying \$60/month for the Verizon
TV & Internet in our HOA or PUD fees,
so I dropped Time Warner.

Most residents are also using Verizon for
telephone service. I chose a different route.

The Smart Phone. For Your Home.

Ooma Telo™

Which telephone service did I chose?
The one with the funny name:

Ooma

A VoIP (voice over Internet) service
that uses our existing Internet service

Go with the #1 ranked home phone service.

For three years running, Ooma has been ranked #1 in a leading consumer publication survey.¹

All you pay is applicable taxes and fees.¹

Taxes and Fees. A very, very small price to pay.

With Ooma, the unlimited nationwide calls are free, but nominal taxes and fees are required. The good news is, they're a lot less than you'd ever imagine.

Use the calculator below to see for yourself exactly how little we're talking about. Simply enter your postal code below.

Here are the current applicable monthly taxes and fees for your postal code:

Description	Amount
Regulatory Compliance Fee (what's this?)	\$1.78
911 Service Fee (what's this?)	\$1.59
Federal Universal Service Charge and FCC regulatory fee (what's this?)	\$0.37
State and local taxes, fees and surcharges (what's this?) Details +	\$0.01
Total: \$3.75	

**Your only fee with the 'free' service is
local and state taxes -
\$3.75/month in Palm Desert**

Takes less than 15 minutes.

Ooma setup is not hard, but you need to be comfortable with technical issues.
